LEGACY OF CRAFTSMANSHIP

True to our heritage of guild craftsmanship and our passion for creating enduring beauty, each Signature Schonbek is made to order, with individual character in over 10,000 custom finish options, crystal dressing and styles.

Skilled artisans combine premium crystal with laser-cut precision, thoughtful hand-finishing and delicate crystal pinning. This careful attention to detail results in masterpieces that honor the luxury spaces where each Schonbek resides.

For discerning clients, Schonbek offers tailored solutions, that make us an ideal partner for complex custom lighting projects.

CRYSTAL SELECTIONS

OPTIC CRYSTAL (O)

Modern advancements in the manufacture of optics used in telescopes have ushered in a new generation of crystal. Created to enhance internal light refraction, the Optic Crystal used in Schonbek luminaires catapults new designs into the future.

OPTIC HAZE QUARTZ (OH)

Harder and more durable than crystal, Optic Haze™ Quartz has the same composition and prismatic qualities as naturally occurring quartz crystal. Using a novel process for making consistently high-grade gemstones full of depth and character, Schonbek Optic Haze Quartz exhibits the fine characteristics of mined quartz crystals, and are similarly refined by gem cutters. On a Schonbek, they captivate with elegance.

HERITAGE HANDCUT CRYSTAL (H)

European crystal hand-cut by craftsman using centuries-old techniques, Heritage Handcut® Crystal is created in two stages. First cut on iron and sandstone wheels a single facet at a time with marble dust on a wooden wheel. Each jewel created is an authentic antique replica of gems that adorned the castles of the Habsburg Empire.

QUARTZ CRYSTAL (QC)

Timelessly representing nature's artistic signature in every gemstone, Schonbek Quartz Crystal is sustainably mined. Care is first taken to hand select stones with unique fissures and veining. From there, skilled gem cutters cut, grind, and polish each rock crystal to enhance its natural splendor, luminosity and dazzling prismatic beauty. A Schonbek dressed in Quartz Crystal celebrates unaltered natural beauty.

RADIANCE CRYSTAL (R)

Our finest crystal offering in cut, color, and clarity, Radiance™ by Schonbek is engineered brilliance. Characterized by optical purity and prism, each gem has nearly triple the number of jewel-cut facets over mass produced crystals, and delivers a kaleidoscope fire that dances and dazzles.

FINISH SELECTIONS

From the ornate frames of our traditional chandeliers to the pristine lines of our modern crystal luminaires, each frame is impeccably finished to enhance the beauty of a Schonbek with depth and visual interest. Personalize your Signature Schonbek with one of our multilayered finishes to create something unique.

LA SCALA

As a style developed by craftspeople and designers, the ornate Rococo period emerged in early 18th century France in rebellion of Louis XIV's strict Baroque ideals. La Scala personifies this push towards organics with stunning lighting pieces possessing soft curves, vegetal motifs, vining crystal garlands and floral bobeches.

SAN MARCO

In the progressive style of the urban bourgeoisie, San Marco forgoes the embellishments favored by the land-owning class for a more modern sophistication where austerity and proportionality is respected. Drawn into Bohemian cut crystal vases, each lustrous, hand-finished arm proffers exquisite drops of Schonbek Radiance Crystal.

MILANO

This Schonbek celebrates the great Italian chandeliers of the 17th century. Baroque castings are elaborately intricate and its frame is elevated with equally ornate casted vases, bobeches and tiers of candelabras. The effect is operatic and emblematic of the generous patrons of the arts of the age.

CONTEMPORARY

As abstract expressions challenge traditional conventions, a Contemporary Schonbek is a sophisticated silhouette offering an elegant touch to modern settings. Simple lines and curves with layered tiers of dazzling crystal create provocative forms that amaze and astound. Customize to epic proportions to create a sensational statement.

SARELLA

Glinting metal drops romanticize the sparkling geometric forms they overlay to suggest an intrigue of subtle texture. Hopefully romantic, Sarella interplays the two materials as love at first sight.

CRAFTED IRON

In the guild tradition of wrought ironwork, a Crafted Iron Schonbek is defined by its lustrous metal frames. Whether simply colonial or ornately renaissance, each resplendent masterpiece is dressed in gems that accentuate the metalwork and withstand the test of time.

VESCA

Popular in the mid-19th century, architectural cast iron features symbolized vigor and achievement. Brazenly presented on Vesca, and gently trimmed for levity, this design is structural and well balanced.

POST MODERN

An ideological expression of performance art, a Post Modern Schonbek connects to an audience with dramatic juxtaposition. Dazzling with prismatic fire to contrast brutalist forms, the intentional visual dissonance makes it impossible to look away.

CRYSTAL EMPIRE

Bound with fine leather straps, Crystal Empire is an erotic representation of the iconic empire chandelier. Minimally adorned with channel set crystals and a single feature pendant drop, the fantastical expression of controlled restraint is complete.
