

SIGNATURE COLLECTION

SCHONBEK SIGNATURE

Founded in Bohemia in 1870, Schonbek offers a rich tradition of designing and manufacturing the most elegant, breathtaking crystal chandeliers, pendants and sconces for over four generations.

Schonbek crystal lighting hangs in Buckingham Palace, the White House and many famous residences worldwide.

From traditional to contemporary, our ancestral intimacy crafting heirloomquality crystal chandeliers makes Schonbek a world leader in design.

Our Signature Collection comprises our traditional offerings and latest innovative designs, all handcrafted with the finest crystal, optical purity and perfectly cut facets.

Schonbek Signature. Timeless elegance.

OPTIC HAZE CRYSTAL (OH)

Optic Haze is a proprietary Schonbek crystal composed of natural quartz featuring unique variations in luster, hue, patterning and texture. When illuminated, the depth and dimension of each crystal is accentuated, creating captivating visual interest.

OPTIC CRYSTAL (O)

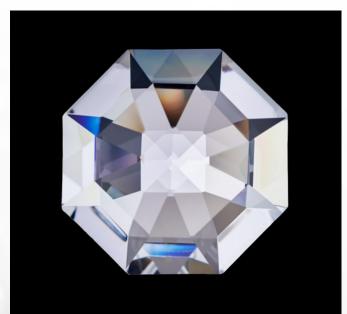

Modern advancements in the manufacture of optics used in telescopes have ushered in a new generation of crystal. Created to enhance internal light refraction, the Optic Crystal used in Schonbek luminaires catapults new designs into the future.

HERITAGE HAND CUT CRYSTAL (H)

Heritage is a European crystal hand cut by artisan using authentic, centuries-old techniques. Created in two stages, it is cut on iron and sandstone wheel, one facet at a time. Each crystal is then polished with marble dust on a wooden wheel. Faint traces of this laborious process are evident on the crystal's surface, a mark of authenticity attesting to its handcraftsmanship. A Schonbek innovation, Heritage Hand Cut Crystal is showcased in many of our classic lighting designs.

RADIANCE CRYSTAL (R)

Radiance by Schonbek is our finest crystal offering: it is free of flaws, engineered for optimal brilliance and characterized by optical purity. Fabricated in Europe at the premier source for lead-free crystal, our proprietary Radiance crystal has more than double the number of jewel-cut facets compared to those mass-produced and imported from the East. Radiance casts a scintillating play of light that dances and dazzles.

PENDANTS/ CHANDELIERS

Captivating discerning consumers across generations and multiple continents,
Schonbek has been creating elegant crystal pendants and chandeliers for more
than 150 years. We draw on our rich heritage to revitalize luxurious chandelier styles
from the past and innovate new LED designs for the future, creating dazzling crystal
lighting for classic and contemporary spaces.

VERONA

Modern symmetry. With a clearly defined Romanesque form composed of Schonbek Radiance crystal, faceted central columns hold lustrous metal arms with matching candelabra bases adorned within elegant crystal bobeches. A beaded swag sparkles around its edge for an added touch of whimsy.

- Artisan cast aluminum arms showcasing the finest crystals in the world
- Uses 60w maximum B10 bulbs (not included)
- Adorned by exclusive Schonbek Radiance crystal
- Available in Schonbek Signature and Premium Finishes
- · Comes with 40 inches of chain, additional chain available
- · Can be mounted on a sloped ceiling
