CRYSTAL

SELECTIONS

RADIANCE CRYSTAL (R)

Our finest crystal offering in cut, color and clarity, Radiance® by Schonbek is engineered brilliance. Characterized by optical purity and prism, each gem has nearly triple the number of jewel-cut facets over mass produced crystals, and delivers a kaleidoscope fire that dances and dazzles.

RADIANCE CRYSTAL DUST (R)

Radiance® Crystal Dust is composed of tiny jewel-cut facets each sized, shaped and polished to shimmering perfection. Fabricated in Europe at the premier source for lead-free crystal, thousands of these brilliant gems embellish our lighting designs, casting luminous beams that dance and dazzle.

OPTIC CRYSTAL (O)

Modern advancements in the manufacture of optics used in telescopes have ushered in a new generation of crystal. Created to enhance internal light reflection, the Optic Crystal used in Schonbek luminaires catapults new designs into the future.

OPTIC HAZE QUARTZ (OH)

Harder and more durable than crystal, Optic Haze® Quartz has the same composition and prismatic qualities as naturally occurring quartz crystal. Using a novel process for making consistently high-grade gemstones full of depth and character, Schonbek Optic Haze® Quartz exhibits the fine characteristics of mined quartz crystals, and are similarly refined by gem cutters. On a Schonbek, they captivate with elegance.

HERITAGE HANDCUT CRYSTAL (H)

European crystal hand-cut by craftsman using centuries-old techniques, Heritage Handcut® Crystal is created in two stages. Using a wheel made of sandstone and iron, the crystal is cut, then polished with marble dust on a wooden wheel. Each jewel created is an authentic antique replica of gems that adorned the castles of the Habsburg Empire.

FINISH

SELECTIONS

From the ornate arms of our traditional chandeliers to the pristine lines of our modern crystal luminaires, each frame is impeccably finished to enhance the beauty of a Schonbek with depth and visual interest.

Personalize your Signature Schonbek with one of our premium finishes to create something unique.

Our outdoor finishes are weather-resistant to inhibit corrosion from various environmental elements.
